

Come join us at the California Educators and Transcribers for the Visually Handicapped Conference and Trade Show!

Our theme this year reflects the dynamic changes underway in education, transcribing, parenting, tools and toys for the visually impaired. As professionals, parents and individuals we need everyday solutions to our most immediate challenges.

We need tools that are ready to use, techniques that are ready to apply and a dynamic place to meet others ready to help us make it happen and this is it.

**Come to the Exhibit Hall for FREE!** Meet the people that provide the many goods and services that help make life easier.
